# DISTINCTIVE CHESTERFIELDS

L O N D O N

A Chesterfield leather sofa is the central focus, set in a living room. The sofa is brown leather with deep tufting and rolled-up arms. It is adorned with a grey and blue patterned blanket and two patterned cushions. An open book rests on the sofa's seat. The background features a dark wood wall, a potted plant, and a window with sheer curtains. The floor is made of dark wood in a herringbone pattern. The bottom of the image has an orange overlay with white text.

# OUR STORY

Founded in Huddersfield, West Yorkshire – a historical centre of excellence in fabric quality and craftsmanship – Distinctive Chesterfields sought to revive the art of Chesterfield sofa manufacturing, not just the mechanics.

We're a tight-knit team of artisans with a real respect for the rich heritage and beautiful process behind the Chesterfield, which is, in our humble opinion, the epitome of functionality, elegance and Great British furniture manufacturing.

Today, our brand and first-rate products are admired around the world, from across the UK, to the United States and Japan.

JULY 2012

## 03 TAKING THE STATES BY STORM

A continual demand for British-made furniture in the United States prompted us to send our first container of furniture. Since 2012 we have shipped over 100 containers!

JULY 2015

## 04 LONDON'S CALLING

After a successful number of years in Huddersfield, we opened our flagship store in London (SW11), transforming the showroom into an exciting space.

JAN 2017

## 05 HELLO HUDDERSFIELD

Championing local design and production, we opened our Huddersfield showroom in January 2017. Our Northern hub, situated at the heart of Huddersfield.

# WHY DISTINCTIVE?

## What makes us different from the rest you say?

At first glance, perhaps not much. But after a second inspection, you begin to see what makes us unique. From the sturdy interior construction down to the precise, tight and even stitching, the seating support to the top-grade Italian leather – you won't find a thing out of place.

Our craftsmen sweat the small stuff, taking unmatched pride in their work. Not only do we have an industry-leading team working on every detail by hand, we use the absolute best materials available. This is why our products perform for decades. Uncompromising quality is what makes us Distinctive.

# 01

## STAGE 01 HARDWOOD FRAME

Once you own a Distinctive Chesterfield, you'll notice how heavy it is.

This is a good sign. It means it's well made, strong and built to last a lifetime.

The frame is the foundation of a top-quality Chesterfield, which is why we construct ours using Beech, a hardwood renowned for its shock resistance, durability and renewability.

Unlike so many of our competitors, we opt for the best materials, not the most cost effective.

We don't just build sofas, we pay homage to a classic British artform, making our Chesterfields something to behold, as well as comfortably enjoy.

# 02

## STAGE 02 UPHOLSTERY

Our master craftsmen use the finest leathers and fabrics money can buy.

Handpicked for their look, feel and durability, our pristine Italian leathers and luxurious fabrics are skillfully integrated into each piece.

Using traditional techniques, like deep button tufting and hand-tying springs, every Distinctive Chesterfield sofa reflects the level of quality our customers have come to expect.

We believe in exceptional over mediocre. Distinctive over generic. Our sofas are the sum of hundreds of tiny details - even ones you'll never see - expertly attended to.

EST X 1700

# 03

## STAGE 03 DEEP BUTTON & FINISHING

Distinctive is one of the few remaining Chesterfield manufacturers using traditional techniques globally.

Our competitors favour robots and automation. We prefer attention to detail and a human touch.

While machines can get the job done, the results aren't exceptional. Every one of our sofas is deep-buttoned by hand – a 300-year-old technique that survives through our master craftsmen.

If you're looking for a truly authentic Chesterfield made the right way, you're in the right place.

# BESPOKE SERVICE

Have a particular space to fill or can't quite find what you're looking for?

As all of our products are designed in-house, we are proud to offer a bespoke service, allowing for height, width and depth modifications, based on your desired dimensions.
